

D
AT HOME

WE CAN:

- Participate in the Safe Sleep Baby Collaborative
- Refer families in need to agencies providing cribs
- Host the Fire Prevention Week Poster Contest
- Connect you with your local fire district and the FFBI Youth Firesetter Program
- Raise awareness about the dangers of medications and household items that can be harmful to kids
- Help you find a medication disposal bin at dontrushtoflush.org

YOU CAN:

- Put babies to sleep alone, on their back, in a crib
- Ask about the Safe Sleep Baby program
- Check your smoke and carbon monoxide alarms.
- Keep matches and lighters up and away and teach children about hot liquids
- Store medications and household poisons in original containers in high, locked cabinets
- Add the Poison Control Hotline to your phone contacts. 1-800-222-1222

D
AT PLAY

WE CAN:

- Lead home water safety train-the-trainer classes
- Provide life jacket loan station location information
- Connect you to local helmet programs
- Support Safe Routes to School programs

YOU CAN:

- Wear life jackets at the river or lake
- Have kids wear helmets and set a good example by wearing yours
- Teach children the rules of the road for bicycles, skateboards, and scooters. Walk left, ride right!
- Supervise children at all times near the water and have a fence around your pool

D
ON THE WAY

WE CAN:

- Advocate for Safe Routes policies and help with walk audits
- Support Safe Routes to School programs
- Check your car seat for proper fit and installation
- Provide car seats to families in need
- Participate in the Impact Teen Drivers program

YOU CAN:

- Help kids under 10-years-old cross the street
- Cross at marked crossings and teach kids to look left-right-left
- Schedule a car seat checkup appointment
- Buckle up on every ride
- Practice driving with your teen and talk about distractions
